## LETTER FROM THE EDITOR

This month I will celebrate another birthday. I don't think I had a bad 40th year, and I don't feel like I am going to be 41 – but I am. It is hard to believe that another year has already passed. I just hope at ages 60 and 70 I can be as spunky and energetic as all our homeowners at The Orchards!

I am looking forward to our vacation this month. We'll be heading down the Georgia coast and are planning a visit to Cumberland Island. My husband Brad was born and raised in Georgia, and yet this will be the first trip to Cumberland for all of us. I am really excited to spend the day on the island – and the kids are excited, too. I just hope the infamous wild horses make an appearance or we will all be disappointed.

We will also stay at Fort McCallister for a few nights. This is another Georgia attraction that we haven't experienced. I am not sure what else we will stumble across in our adventures, but I will be sure to let you know if we find something worth telling!

All of our community parties continue at Brannon Oak Farm, Habersham Grove and East Cherokee. We are really having a good time, and I think you can tell by all the photos we take at our Orchards meet and greets.

I am looking forward to spring and the warmer weather, as I am sure all of you are. This has really been a cold winter, but it is almost gone! Just keep thinking about that beach and the roar of the ocean and you'll make it through to the summer. Then all we'll do is complain about how hot and humid it is outside!

As always, Happy Reading!

## Healthy Home Tips for Spring

When it comes to being healthy, it's important to consider more than just "getting sick." With the approach of spring, consider a review of your yard to make sure the outside environment is safe and healthy – and that you are, too.

The Centers for Disease Control (CDC) in Atlanta recommends:

To prevent falls,

- Keep porches, stairs and walkways in good repair and well lit.
- Keep stairs free of clutter.
- Know if you have a septic tank and properly maintain it.
- When outdoors, use sunscreen and insect repellent.
- Remove litter, tall grass, and brush to eliminate rodent and wild animal nesting sites outside the home.
- Get rid of old tires and other containers that could collect water and allow mosquitoes to breed.
- Keep gutters clean so water does not collect and allow mosquitoes to breed.
- Make sure everyone uses the right protective equipment when playing sports or riding bicycles.
- Get physical to feel good. Consider heavy gardening such as shoveling and digging.

### ACTIVE ADULTS: 10 MINUTES AT A TIME IS FINE

We know 150 minutes each week sounds like a lot of time, but it's not. That's 2 hours and 30 minutes – about the same amount of time you might spend watching a movie. The good news is that you can spread your activity out during the week, so you don't have to do it all at once. You can even break it up into smaller chunks of time during the day. It's about what works best for you, as long as you're doing physical activity at a moderate or vigorous effort for at least 10 minutes at a time.

The Orchards Group offers any of The Orchards homeowners a place to list classified ads for free. We will advertise personal items only; no real estate sales, please. This section will be offered on a first come, first served basis. We will need to know the item for sale, your asking price and your phone number. Due to production deadlines, we will need your information by the first of each month. Then your ad will appear in the subsequent month's new letter. It's easy! Just call Stacy Wheelus at 678-795-0200 ext 210. Or, if your prefer, you can e-mail your ad to [swheelus@orchardsgroup.com](mailto:swheelus@orchardsgroup.com).

**In order to keep interest in the classified ad section, we will only keep an item in for 3 issues. After it appears in the third issue the ad will be pulled.**

## DEAR FRIENDS & NEIGHBORS,

Dear Friends and Clients,

It's time for spring cleaning. Everybody has to do it! Here's how to do it right and get more money selling your home as a result.

### Clean Out Your Closets

Donate clothes or items that you have not used in two years to charity. Not only will they go to someone who needs them, your closets will look organized and bigger.

### Service Your HVAC System

Making sure that your HVAC is working correctly can save you money – maybe a lot! Make sure your filters are changed for efficiency. New home buyers look at items such as dirty vents when they tour homes. If your HVAC is working efficiently and your vents are clean, this helps assure the purchaser that your home has been well cared for.

### Wash Those Windows

Clean and unobstructed windows invite lots of light into your home, making it bright and welcoming. Natural light is an important factor for homebuyers in their selection of a home.

Have a happy St. Patrick's Day!

Sincerely,
